“ I am so grateful to have known Mike Curtice. It is so fitting that he was a Decatur Hometown Hero. He was so integral to the Decatur MLK Service Project for so many years. He made a huge difference in the lives of our low income senior citizens. His home repair expertise and leadership were crucial to the Project.

He always looked out for his older neighbors. Whenever one of them had a problem with their home that needed to be fixed, Mike would take care of it.

He also had a wicked sense of humor. I always knew that I would end up laughing whenever I would see him.

I will mostly remember how much he loved Lynne, Beth, Jennifer, his grandsons and his sons-in-law.
