

Adrian H. Daane

June 18, 1919 - March 20, 2011

Adrian Hill Daane, of Newnan, died March 20, 2011, at his home.

He was born on June 18, 1919, in Stillwater, Oklahoma. He was educated in the Stillwater elementary school and middle schools of Minneapolis, Minnesota and Belle Glade, Florida. He graduated from Pahokee High School in Florida. He attended the University of Florida from 1937 to 1941, graduating with a degree in chemistry. He was in the graduate program in chemistry at Iowa State University in 1941 when the United States entered WWII, and was chosen to work as a group leader in the Manhattan Project that culminated in the atomic bombs that ended WWII.

After the war he completed his Ph.D degree in 1950 and became assistant professor and later professor of chemistry at Iowa State University. In 1963 he was appointed Head of the Chemistry Department at Kansas State University, and in 1972 was appointed Dean of the college of Arts and Sciences at the University of Missouri-Rolla. He was later appointed Dean of the Graduate School at UMR, and on his retirement in 1984 was awarded the title of Emeritus Dean and Emeritus Professor of Chemistry.

He enjoyed teaching chemistry and was an Adjunct Professor of Chemistry at LaGrange College in Georgia for four years. He often was asked to speak about chemistry and the Manhattan Project to college and high school chemistry classes; his research specialty was the Rare Earth Elements and with his graduate students he prepared the first metals of three of these elements. At Iowa State University and Kansas State University 13 of his graduate students were awarded their PhD degrees and four were awarded their Masters Degrees.

He was married to Jean Plunkett Daane from 1941 until her death in April 2010. He is survived by children, Ann Daane and daughters Jean and Elizabeth Pembleton, Peter and Kari Daane and children Will, Alice, and Sarah Daane, and Susan Daane and daughter Mary Webb.

“ Family of Adrian Daane: Please accept my condolences on the death of Adrian. I was a grad student at Iowa State Univ from 1951 to 1955 and had a Research Assistantship with the Ames Lab. I worked directly under Adrian and researched the "Physical and Metallurgical Properties of Rare Earth Metals" with Dr. Spedding as my major professor. Adrian was always helpful ,supportive and encouraging during some difficult times. He was key to my achieving a PhD and some success in my 35 year career at Procter&Gamble. I know you will miss him ,but just remember that he made this world a better place. Ken Herrmann

“ I spent eleven years at ISU and came to know Adrian as a colleague. He was likeable, gave a good lecture, and had a well-developed sense of humor. I was sad to hear of his passing and extend my sympathy to his family. Roy W. King

“ On behalf of the Beardsley and York families please accept our condolences upon the passing of Adrian. He was a high school classmate of my mother and father, Hannah York and James "Jim" Beardsley, graduating with them in 1937 at Pahokee, FL. Adrian also attended UF with Jim. I remember hearing Adrian's name many times as Mom and Dad would talk about "old school days" and his kind note upon Jim's passing in 1978. Mom remembered it fondly. We still have a Pahokee High School annual for 1937. Adrian was Senior Class President and seemed to be involved in many activities and well respected by his classmates. Again please accept our condolences and know that Adrian will be remembered by more people than you know. James W. Beardsley, Jr.

“ Peter and your awesome family, I am so sorry to hear about your Dad /Grandfather.. I will always remember his smiling face, as he and your Mom sat at the Baseball games and cheered the team on. I knew he was a special man, but after reading about his life, realized he touched so so many lives. He is now at peace, reunited with his wonderful wife and smiling down on you all. My thoughts are with you all at this time. Love always!!!!

“ For several years I had the pleasure of serving in Rotary with your father. He was a kind and courtely gentleman who was always gracious to fellow members. We all knew of his brilliant career but he never felt the need to remind us. He was simply a wonderful person to be around. My thoughts and prayers are with you as you go through this difficult time. “ Will, I will be praying for you and your family during this time of mourning. Never met your grandfather but if what I've seen in you is any indication of the type of man he was...WOW! No doubt he will be missed but no worries because the "torch" has been passed on and is in very capable hands! :-) Carry the Light!!!

“ Only the fondness of memories and greatest respect comes to mind when Adiran Daane comes to mind. So sorry for his loss - but what a long and beneficial life he enjoyed. As head of The Heritage School and a Rotarian, when I met Adrian after he first arrived in Newnan I was struck by his obvious sincere offer to help and immediate response when called. What a grand and pleasant guy. My sympathies on his passing.
