“ *My Dear Sweet Alyson. I grew up with you in Rugby. You know who I am as I write. I enjoyed the beautiful moon lit nights we all shared there. As you moved on to Headland still we would talk more and later than "Dad" appreciated. My sweet girl if I had only known how much you suffered in your brief life, I would have been there, you know this. I'll celebrate the memory of your life for the rest of mind. May God give you the pain free peace this life failed you. I will see you again, of this I am certain. Love, Don CPHS 79*

“ *You fought a long hard battle that most folks would have thrown in the towel years ago. You will be missed. Once we became good friends I loved movie nights, dinner and Christmas ornament swaps with you. Thanks for being a shoulder to cry on at work and for being one of the hardest workers the clerks ever had. Thank goodness GA has finally had a wake up call and passed the law for cannabis oil. Sorry it came too late for you. No more pain, love you.
