“ I realize that a significant amount of time has passed since Amber left us, however I am just now finding out. I lived in Russellville, KY, worked at Logan Aluminum, and went to UK with Amber for a while. Amber was a good friend to me during those times. She used to stay at my mom's house when she would return to KY to see all of her friends. She was such a beautiful person inside and out. She brightened the world for everyone around her. I wish to send my deepest condolences to her entire family. I will regret nothing more in my life than not having had a chance to say goodbye to her.

“ It is just so sad to learn of Amber’s tragic and unexpected passing. I was always amazed of the long list of recipients on Amber’s e mail as she shared her trips, holidays and personal happenings via e mail and pictures. Through this correspondence one was able to see all sides of Amber. As a safety professional she will be missed and as a loving mother and daughter she will be missed even more. She had recently shared her pride for the improvement Southwire had made with the safety initiatives, most notably the VPP and was excited with her new challenge. Amber will be missed. I will miss Amber... she will not be forgotten. Thoughts and prayers are with paley and the rest of Amber's family.

“ As the coordinator, officer and a member of the following organizations and on behalf of all involved in the American Society of Safety Engineers, The Georgia Safety, Health and Environmental Conference, Project Safe Georgia, The Georgia Safety Leaders Council and the Georgia Department of Labor, I would like to express our sincere sympathy for your loss. Amber's passing will leave a void which cannot be filled. She was an active participant in all organizations and events in which she became involved. She was very highly respected as a knowledgeable professional, dedicated to helping others avoid accidents and injuries, achieve all they could achieve and aspire to lofty goals. She was quick to volunteer and effective in her actions. She never sought personal attention or gratitude but congratulated others in their accomplishments. She was very proud of her daughter and could attach a photograph of her instantly. She was a great friend to all who met her and I will save my last email from "rugbyperry" which simply states, "Thank you so much, Jimmy". I believe if she could, she would send the same email to all of you, now.

“ In working with Amber at Southwire, I knew her as a spirited and vivacious colleague. Around a conference room table, she had a spark in her eyes. Amber asked the right questions at the right time and knew when to sit back and take note of others. I hope that when her daughter is older, she will understand how committed her Mommy, Amber, was to succeed for both of them. ...with my sincere condolence.

Amber was a wonderful person that I shared my deepest thoughts, my wishes, my hopes and dreams with. Amber was so smart, talented and a best friend to me and so many others. She always took the time to care, to listen, to help and to encourage us all. “ Although the years have passed, and a lot of us have not seen each other in many years. It saddens me to here of Ambers passing. I went to high school with Amber and we both graduated together as well. As I think back and look at old pictures, Amber always had a smile on her face. She never had a bad word to say to or about anyone. She was very uplifting with her kindness, and wonderful personality. Amber will be missed greatly by me and all of her friends at GHS Class of 1989. She will live on forever in our hearts and memories. God Bless you all. May God help bring you peace. “ I am so sorry to learn of the loss of this daughter, mother, and friend. Amber truly cared for her friends and it seemed as though everyone she met became her friend. She was genuinely concerned for her friend's safety on and off the job. The only time Amber was not showing her concern for others was when she was talking about Paley, and it was evident that she loved her deeply. I pray that God will comfort you with the memories of the love that Amber demonstrated to those she met.

“ Amber and I met in London some 8 years ago when she was working for Bechtel/Jacobs. I remember a day's sight seeing in London, the pinnacle of which was her visit to St Paul's Cathedral, we laughed so much that day and that is how I will remember Amber. We always kept in touch and she kept me up to date with photos of Payley who she was totally devoted to and always came first in her life. Amber lived life to the fullest but always put others first. She was so high spirited, I loved to hear her laugh, when Amber laughed everyone knew it was Amber. I will miss her, and Paley everything will be okay. Talk to Jesus about whatever you are feeling right now and He promises to give you a peace that no one else can understand. Again I pray that God will give the family the strength to go on down this Christian journey. Love you all. Virginia Dothard Southwire Cofer Technology Center Carrollton, GA

“ I am sorry for your loss. I worked with Amber and remember her with her beautiful smile. Her laugh always made the day a little brighter. She is missed.

“ I was heart struck to hear of Ambers passing. I new her only through Southwire and the fine work she did hear. She and I were in the same Weight Watchers class and she shared many delicious recipes with me. I will always remember her sweet smile and pleasent attitude around her co-workers. My God bless and keep her family through these trying times.
