“ Tony, I did not have the pleasure of knowing you but I am more deeply grateful and honored than I know how to express to be able to call your daughter Laura my friend. Anyone who fathered and reared a daughter who shines such love and light into the world must have glowed tremendously himself. May the legacy of that light continue to shine on through Laura and your other family members and may those family members be blessed with the sweetness of beautiful memories and the knowledge that the world is a better, much richer, much more interesting place because of the contributions of you and your family.
