“ *Being cousins so close in age when we got to be around each other our conversations often turned to the newest cute singer or guy she had a crush on. It was fun girl talk and a memory to keep. Love you sweet girl !*

“ *Ashley was an angel on earth, just as she is in heaven now. She was so good to my daughter, and was such a beautiful friend. I'm grateful I had the opportunity to know her; Ashley was an amazing person and she made the world better just by being in it. We will miss her dearly.*

“ Words can not describe the pain. I still remember back in elementary school when Ashley was first diagnosed. She fought and won back then and always had a smile on her face. Even through high school she was always smiling. I am sure she is still smiling above us all now. My thoughts and prayers are with her family.

“ Sweet Ashley.... No words can be said to describe your pure heart. You always had a positive word to say, or you would send me a scripture and always tell me that you had me in your prayers.... I asked you, " Why are you so sweet to me?" And you'd say, "Because you always make me laugh Kim" , Go rest in heaven sweet girl. You have so many people there waiting on you. I love you.
