“ Carolyn was a strong and brilliant woman, intensely committed to her dear family. It was through great tragedy that she became a friend as well as a client. Sadly, I know through my own experience something of your family's loss in her passing. Blessings to you all.

“ Dear Rickers,

I will dearly miss her. One of the things we loved to talk about was the fact that she served her mission in the area my mother was born and grew up, where I I spent many days visiting the family farm in my childhood. I served my mission in the mission where she lived and went to high school, before! My love and appreciation for your sharing your sweet wife and mother with me/us, go out to you all. I am a better person for having known here over these past 25 plus years.

Much love and peace to you all,
