“ I like the AJAX format bteter, but the classic Joomla one is not bad. Yeah. We just reinvented the wheel. If users doesnt like it, we will revert it to default Joomla layout. The controls need to be more nicely organized for people who are not familiar with managing lists and spreadsheets. They are being worked upon. This is only an Alpha Testing site. The action of “Add a New Obituary” needs a really prominent button, and more instructive text with hover text instructions would be good too. Agreed. These will be made to look bteter once the major functionality is completed. Do you plan to make front end management of obituaries available to Joomla 1.5 as well, or just 2.5? I need this ability for a client’s site. Yes, we will have all these features for all the current Joomla versions viz. Joomla 1.5, Joomla 1.7 and Joomla 2.5.

“ I am so sorry for your lost, I am so glad I got to meet your mother on the camping trip you brought her own when Ken and I were there. She was a good person and blessed in many ways. Be there for each other and take care. Love you Karen

“ I am so sad to hear of Aunt Helen's passing. She was always such an important person to me. I credit her with saving my life as a newborn. Mama & MaeMaw were about to let me starve to death and Aunt Helen took me and finally fed me., just look at me now. I loved her dearly. She was one of strongest role models throughout my life. She was a strong. Loving woman with a great big heart. I will miss het and I know you all certainly will. Please know you are in my thoughts & prayers at this difficult time. I love you all.
