“ For some reason I had you on my mind and knew your Birthday was coming up soon and decided to see if you were still on my fb and then I come across this! I am at a loss for words!! We met thru MySpace after my divorce in 2005 and you come to the drs office where I worked. I thought you were the most handsome man I'd ever seen. We shared a few laughs, you made me sing lips of an angel to you over the phone. You told me to never take any shit off anyone and stop wearing my feelings on my sleeve! I remember you wanting me to stay at your house in Bainbridge and binge watch greys anatomy even tho you had to go to work the next day and I'd stay home and watch your fur baby's. I remember when you text me a picture of your baby girl. You were on cloud nine. And years passed on and we found each other again and you sent me a picture of your daughter when she come to live with you and all of her spiders. I'll never forget one day you said just marry me and come move in with me. I never knew when to take you serious! You always kept me on my toes! Sending much love to Destiny and family. You'll always had a place in my heart. Love you always Chadwick!

Sincerely, Christy Watson

“ Hey Dad, been a while now. Weird how someone who made a lot of impact goes away so easily.

“ Today is the day that you left us, it’s so hard to know that the world kept spinning like normal without you. It hasn’t spun for me though. 2 years of void. Two. Exact. Years. Of. Void.

Hey, I got kicked out of my Mother's house so I don't have any way of texting besides here. She took my phone before I left.

That's a lie. It's all a lie and this is sick destiny. I'm really worried about you

It's not lmao, you kicked me out and said you didn't want me there in text. The fact that you sit there and act worried when you're not is crazy.

Also I'd love you to say what part is a lie. It's all in text. So it's kinda hard for you to say I'm lying. Both things I said were the truth. You kicked me out and took my phone before I left.

Also, a good move talking crap about me and trying to make me seem like the problem. You're such a good mother. Hope you're really proud of yourself. I hope you know I'm never talking to you again after this.
