“ *My twin and I met Nell at Coweta General Hospital where we started as Candy Strippers at the age of 15. Nell along with Ms. Maxizne and our mother Carroll shared many good times they in their younger years they loved to read and shared books often. My sister and I started working at Coweta General Hospital in the 70s. Nell was one of our supervisors she talked and respected every single person at that hospital she showed compassion and truly cared for the other person when someone was hurting Nell hurt she went way beyond her job as head nurse and over house supervisor to become the person you go to. Because not only would Nell tell you the truth she would guide you to where you needed to be. We went over to Nells home many a day while mother and Nell head coffee and it was just a joy to be around her we loved her dearly. She will be greatly missed. She was a special lady. When the Lord calls our loved ones home he leaves a gift of memories in exchange. Hold on to your memories and let them guide your through this time of sadnesd.*
