“ Craig jeffery parsons is my dad.I don't think of this as a condolence but a letter to my dad! and his side of the family. I seen him last when I was 13 years old I'm now 35 years old and i've just been told on 9-23-10 by my mom that my dad is dead and that she was just playing around on her computer last night! and she found his name in the obituaries of the newnan's newspaper and it said that my dad passed away at west point lake and that's how I found out about his death.What a way to find out.I'm sorry that he had to pass away but I felt it in my heart that he was dead long before finding out I had many bad dreams of him being dead.I just wish things could of been right between my dad and my mom because growing up without my dad in my life has been really hard on me now i'm not pointing the finger as to who was at fault for me having to grow up without a father i'm quite sure both parents were at fault but I just give God thanks that I had a loving mother in my corner but life was never easy on me due to a birth defect and I think that my dad just got scared due to me being born with a birth defect and he ran away from me and my mom I do fault him for that but then again he tryed to be apart of my life by coming to see me now and then but that still wasn't good enough as I have always felt that pieces of my life were missing and I do think alot about my dad's side of the family still untill this day! I miss nanny,poppy, uncle brad and aunt dee dee.I do feel really bad about me not saying good bye to my dad and not being able to spent time with him before he passed away but no one never tryed to contact me at all.Do you know how it feels to wait by the phone for 22 years just waiting for my dad or anyone on his side of the family to call me well it hurts and still does! dad you died not knowing that your oldest daughter grew up to become something special! I finished nursing school got married and I gave birth to a beautiful baby boy who is now 14 years old and your grandson is a very smart child he loves math and science.And I see that you loved fishing! I love fishing too! so we both have a good side and a dark side to us but I gave up my dark side and I have changed my bad ways when I was 15 years old and I never looked back I have been a wonderful person to all who knows me and I have a good life at the age of 35 I own my house paid in full my cars paid in full a boat

paid in full so I'm blessed I also am a bird lover I have lots of birds and a few chihuahua dogs dad you got me started on chihuahua's when I was little you got me this black and white chihuahua his name was doodle what a funny little dog he lived untill I was 11 years old he died of old age that was the only thing that I owned that you had given me and when that dog died I fell apart because then I had nothing to remember you by. The last time I seen you was when I was 13 years old you stopped by on my birthday and you gave me a ring and that's the last time that I seen you and ever since that day I have waited by the phone and looking in mailboxes in hopes that you or someone in your family was looking for me and wanting to love me once again but I guess not! I still love all of you and there's no hard feelings here and to tiffany parsons I'm your half big sister my name is jennifer lee parsons and i'm 35 years old I was born to kathy n. crews and to craig jeffery parsons on 2-20-75 I was born in germany when dad was in the army and i'm his first born child. “*Craig was my dad and I just wanted everyone in the family to know that I am so very sorry that I lost contact with everyone. I had not seen my dad in about three years and I do so very much miss him. I remember the last summer I saw him we went to the movies and I was laughing so hard because he pulled his teeth out...But I just wish I could have seen him before he passed away. My brother and I miss him so much and my prayers go out to the rest of the family.*”
