“ I was sorry to hear David had passed away. It has been many years since our paths had crossed although we grew up around Moreland went to elementary school together, road the school bus together and went to high school together. Those were much simpler times where neighbors all seemed like good friends. Often, I have thought of him as I passed by his boyhood home on the corner of Lamb Road and Highway 27.

We are praying for God's blessings on his family.

“ *My brother and I grew up just up the road from David. He was always kind, joking, laughing. We lost touch as adults, but, whenever we saw him, he was still just David. Randy and David both worked at Yamaha and I'd see him at events. He was always happy to see us, always smiling, the same David every time. He will be truly missed. Our condolences to his family. “ When I started at Yamaha over 30yrs ago David was one of the first people I met on floor. He must have picked me out as the new guy and struck up a conversation with me. That was David, he never met a stranger. He was a joy to know and work with all these years. I am deeply saddened by his passing as we would talk about our future retirement plans. God had other plans for David. He is now enjoying the best retirement ever! I pray for his family as they will miss seeing his infectious smile and hear his bellowing laugh. Till me meet again my friend.

“ *Sending thoughts and prayers to David's family at this difficult time. It is a tragedy to lose such a great man in the prime of his life. We always joked about how he was closer to retirement than me and wished each other congrats on Linkedin for every work anniversary. We always seemed to see each other in the parking lot coming back from lunch and he always greeted me with a warm smile and a kind hello in passing. He will be missed for sure.*

“ *David and I dated back in the early 80s. We parted as friends. What I loved most about him was his deep love for his family. He was so loving and cared deeply for his parents, Wiley, and Mary. (Whom I loved as well) He loved his sister, Mary Ann, and brother Charles and family, and shared stories. He was always so cheerful and his smile was contagious Tasha was small back then, but he was always excited to get her when it was his time. He treated her like a princess. She was a sweet child. So saddened by his passing. I pray the family will lean on God in this time of sorrow. Sending love and praying big prayers 🙏❤️*

“ This was a very smart, kind, keep you laughing kind of guy. I know he will missed by Yamaha, friends and family. I worked with David in Quality at Yamaha for 6 1/2 years. He taught me a lot about CMM Programming and other testing procedures at Yamaha. I truly had a lot of respect for this man. He was a great mentor and friend to me. The last words he said to me, was for me to keep in touch with him, before my last day working at Yamaha. My heart goes out to his family. He will truly be missed.

When we met from time to time for lunch he would tell me all that things that he had done to his mini farm and as his real estate agent I was so pleased to help him accomplish his goals. I will miss you my friend and look forward to seeing you in heaven.*

“ David was a great asset to Yamaha and was easy to talk to. He was always calm and I never saw him get upset. He could always be counted on.

We talked a lot about hip replacements, as my father had two replaced and David was contemplating to get his done and asked me a lot of questions. His goal was to not be in pain and to be able to go on walks with his girlfriend. I was so glad he got it done and could enjoy life more.

He will be missed by Yamaha, his family and all his friends.
