“ Joe, I am so sorry for your loss. Debra and you have both made a life long impression on Mackenzie and I. The strength of your love and commitment, your ability to always laugh and enjoy life and each other was present in everything you both did and said. We have such fond memories of our Glamping trip, we talking about it often. She keeps her survival kit by her bed. Really. I hope that you are able to find solace in knowing that you did everything you could to make things complete for Debra. Your pampering and care was comforting. Such a strong and beautiful woman inside and out. We'd love to see you once all of this COVID madness is over. A big Bear hug to you from Kenz and I

“ *I worked with Debra at the old Newnan Hospital. I really enjoyed working with her and as a supervisor, she always went the extra mile to help. Our daughters became friends so we visited each other at our houses. Times changed and we grew out of touch, but I will never forget Debra. She was one of the good ones!!*

Joe may name is Teresa Morgan. Debra and I went to school at Duncan Fletcher High School together when our dad's was in the Navy in Mayport, Florida. I used to stay the night at her mom and dad's house. Debra and I would camp out in a pop up tent. I had Debra on my mind and when her and I was in high school together. I'm so sorry for your loss.
