He retired from Delta Airlines after 34 years. After retiring from Delta, he started a small landscaping and pool service. He also umpired high school and NCAA division 1 baseball as well as high school softball for around 37 years. A lot of the baseball players he umpired referred to him as "Harley Race," former professional wrestling world champion in the 1970's / 1980's because they all said he resembled him. In his free time, he enjoyed all his dogs over the years, watching Fox News and / or Jimmy Swaggart all hours of

the day and night at high volumes due to his poor hearing, eating Chick Fil A, and being with his immediate family. He loved his cars, especially his Cadillac Coupe de Ville

In the end, he loved Jesus and looked forward to the day he could see his wife again.

“ Don was one of the best men I've ever known . So many great memories.. I had the chance to play baseball for him as a kid . He was passionate and aggressive about his team ! We played hard because you just didn't want to let him down . So many memories. One in particular.. we were having a time either the home plate umpire, Him and Don were going at it. He called time and called me over and said “ next pitch Jamy is gonna throw a fastball “ when he does , you step right out of the way ! Sure enough DONK right on the forearm... the ump threw us both out of the game .. but not before Don finished going at em .. what a great guy I will always remember..... my heart is heavy and grateful he left behind a great family that I can share all the memories with .
Rest in peace until we meet again. With sincere Love , DEAN NEAL

The photo with my dad in the chair and my mom in the bed is the last time they saw each other. Dad told her they were going to go to the beach when they got out of the hospital ❤️
