“ Donna and I met over the phone! We both worked for the same framing company, but she on one side of town and me on the other. Over the course of many years we became good friends. Years later we both worked (again in framing), but at the same shop. We shared many years of laughter and good friendship. I will miss her. I am happy that she could spend her last days with her family whom she loved dearly. ❤️ Linda Armentrout

Ms. Donna was Family, even though we've known each other for years, we never spent time with together due to the distance of our homes. I was looking forward to catching up but God had other plans for her. I see Ms. Donna in her daughter Becky, the feisty, right to the point, fun loving kind of person. You can rest now, in the arms of God

“ I met Donna in 1977 when she came to work in picture framing at a shop where I was an employee. I was a college student, and she was homemaker; she was 13 years my senior, and though an unusual pairing, we bonded instantly. We worked together there for 10 years, then moved to another shop where we worked side-by-side for nearly another 20 years. Donna was always a delight to be around, and was so intuitive, competent and creative. She was so proud of her daughters and their families and always shared photos and stories from Georgia. I was so sorry to see her pull up roots, but ultimately so glad she was surrounded by her loving family when she needed them most. Sending much love - Debo Kerr

“ Mrs. Donna was my sister in laws mother and my brothers mother in law. She was a very sweet soul. She would send cookies every Christmas in a tin to Becky and before my dad passed he would eat them and loved them so much that she started sending my daddy his own tin. It was an on going laugh that we all had with each other. He loved them so much. She really loved family. Not just hers but ours too. Mrs. Donna daddy can thank you again now for the cookies since you are where he is. Love and prayers for the whole family. Rest easy Mrs. Donna. You are with the one who loves you most
