“ The page says “Share a Memory” well , there’s 21 years of memories and I don’t think I can fit them all . I can share how I would give anything to hear your voice and see your smile again . You impacted my life in so many ways that it made me the Husband I am to your Daughter . You always had the best advices and intentions . It’s hard to accept that you are not here but i know I will see you again one day . 🥺
