

Eric Leland Polly

September 7, 1977 - February 20, 2022

Eric Leland Polly, born in Parsons, KS, 44 years old, passed away on February 20, 2022, at his home, in Sharpsburg, GA, following a brief battle with cancer.

Anyone who knew Eric, knew that he loved BIG. Family was always #1 for him. He loved his wife, Tammy, with everything in him, and she has truly been the perfect match for him, since the first day they met - a love to be emulated. He loved each of his boys, Rex, Chase, Heath and Kason, with such passion - that which he learned from his Grandfather, stepfather, and his uncles.

He had an incredible strength in everything he did, and he did it to the fullest - his family, sports, work, gaming, you name it. He was always willing to help anyone with anything and was known for giving the best hugs and making sure to always turn any frowns upside down. An avid gamer and history buff, you could always count on a spirited conversation with Eric.

We are all heartbroken all over again, as this last year has been tough on his family. He is preceded in death by his parents, Cathy and John Miller and L.J. Polly, grandparents Lois and Ed Wyrick and cousin Jonathan Respess. He leaves behind, wife, Tammy and their four sons, Rex, Chase, Heath and Kason, older sister, Melissa Polly (Misty Howell), as well as stepbrothers, Scott and Robert Miller and their families.

Please keep Tammy, their boys and the rest of his family in your prayers. Rest easy Eric, we are thankful you aren't in pain any longer. We love you so very much and miss you terribly.

“ It's with great sadness that I don't get to say good bye and lay to rest my friend Eric (krialar). I live in Australia and unfortunade due to covid restrictions was able to come.

Eric and I have probably known each other for 10 or 11 years now. We have gamed hard and often together for the first 7 or 8 years of that. We have literally spent thousands of hours playing and talking to each other and through that I got to meet a beautiful, wonderful caring man that I'll miss a lot.

I moved back home from the US about 3 years ago because my father is battling stage 4 liver cancer and due to that time zone shift I unfortunately have not had a lot of time to spend with Eric. When i wake up and get ready to go to work they are gaming and when I get home they are asleep.

It's a beautiful thing. When you truly meet someone you connect with and you care about. The distance of countries and time, the lack of contact for months none of that matters. They're still a dear friend, you still love them and every time you talk to them it's like it was yesterday not months ago.

Every time I play a game I'll think of this man. Rest well Eric it was an honour to have known you and been your brother.

Lots of love Michael (Lokilor).

“ Eric was the closest cousin in age to me. As a kid- I probably understood him the most or maybe it was that he understood me the most. Bottom line- he always made me feel comfortable. He was always easy going and fun. I remember once finally beating him to home base after a game of ghost in the graveyard at my grandparents house. He was shocked and I was proud- we both laughed. That was a great memory. Nothing can replace his presence on this earth, but I know the angels are singing to have him home. He was a beautiful and caring soul who will always be remembered. - Love, Laura Beth
