“ *I am so sorry I didn't know of Phil's passing in time to attend his services. I always liked Phil - he was smart, sweet, and well-mannered. We were in the same class at CPHS. My condolences to his family.*

“ *I'm so sorry to hear of Phil's passing. He was a great guy. Phil and I worked together on a project at DL that automated and streamlined the daily delay report utilized by upper level management to monitor the company's operation. Just last week I was looking at pictures of Phil at my retirement party and wondering about him. My heartfelt sympathy goes out to his wife and family. I was fortunate to work with such a smart, truly good man. Barb Desman*

“ Condolences to Phil's family. I don't keep up with too many people that I worked with at Delta but I was always glad to see an occasional email from Phil. One of the things I remember when I first met Phil was that he had gone to College Park High School in College Park, GA and I learned that my Dad had taught him in school. So very sorry for your loss. Phil will be missed.

“ Phil was a great guy, a great IT mentor, and fun to be around. I dearly loved his banter battles with Sue Parks in my first IT office. As the "father of SOFRS" , he left a legacy at Delta that is still used today. He will be missed by all who knew him . My thoughts and prayers are with the family.

“ Phil’s wit and sense of humor added a lot of spice to our work lives at Delta. The world will be a bit duller without him.

“ *Our most heartfelt condolences go out to Theresa, Donna, and to their grandchildren. We loved Phil and are so sorry for their loss. Our family loved him and loved being with him and Theresa. My Dad loved him so much, and would love to sit and talk to him for hours, recalling his life. Phil would listen to all his stories, and my Dad would tell him things he never even told the rest of his family about his time in the Army and Phil would kindly and patiently hang on to every word. Phil will surely be missed by all who knew him. Rest in peace, and tell my Dad and Mom "Hey" . Love you all~Lisa and Tony*
