“ I'm so sorry for your loss and in shock that he's left us for a better place. I met Freddy about 20 years ago through a mutual friend in our little group of car buddies. Freddy was always good company and I was glad to have him as a friend. A few weeks ago I saw his red 66 chevelle project and I told my wife, that was Freddy's car. Just a few weeks ago he was showing me his new project, a 1956 Pontiac, I believe it was. He will be missed very much.

“ We were blessed to be his neighbor for 25 years, and unfortunately for all of our new neighbors, they are compared to him. Freddy was the perpetual peacekeeper and protector of the neighborhood. We will remember his calm spirit and love of the Lord. Our prayers for peace go out to his family and friends. While we are tearful with the events and timing of his passing, we know God is rejoicing at Freddy's homecoming! Freddy, you are still inspiring!

“ The Westbrooks on Roy Road send our deepest regrets. Mr. Freddy was a GREAT neighbor I enjoyed talking to. I always looked at his front porch to see if he was sitting on his porch every time I drove to the mailbox on the corner. If he was there we always waved. The entire neighborhood is going to miss him. May the Good Lord watch and assist your family at this time of grievance

*Our hearts are broken. It doesn't seem real yet. Freddy has been the best friend to my husband, Steve, for over 20 years. They shared so much in common and respected each other's guidance when they needed the other to weigh in. Since our move to Sarasota, Freddy and Steve stayed in touch just about daily. I loved his inspirational chats because he was such a man of God. We'll both miss him in our lives.

“*Cathy - I was so saddened to hear about the loss of Freddy. I know how devastating it is to lose your spouse. Just always rejoice in the memories the two of you had together. I always enjoyed talking with him at church. After I was unable to attend because of medical issues, I was so very appreciative of the many times he called to check on me and offered to do anything he could for me. You and your family have constantly been in my prayers ever since I heard about his illness and will continue to be. May God wrap his loving arms around you and comfort you and help you to find peace, as only He can.*

“ *So sad & heartbroken to hear the passing of Freddy. He was truly a great friend for 42+ years & a wonderful person to know & be around. Our friendship began when I started my career with CCSO in 79. Have many memories & thoughts of our working relationship riding together, answering calls, & patrolling thru Coweta County. Though, we separated to different divisions, we often saw one another in the office or on the road, or as a backup for each other. I always knew if I should need assistance Freddy would be the first to respond. I didn't have to worry.*

Our retirement was a special time for us, retiring almost at the same time. Our former Sheriff merged both into one retirement party which was unusual. We had a great time!

Our friendship continued thru our retirement years. Many times we would see one another in stores, at the doctor's office or the phone calls we had.

He was very encouraging, having a great sense of humor & inspired my life as well as to others who knew him. Freddy was my coach beginning my law enforcement career. He had a heart for wanting to help people no matter what the situation or condition was. Will always remember Freddy saying to me many times, "be kind to people every day"! Thru the years, I learned what these words meant.

My prayers & condolences to the family of Freddy Cox.

“ I was shocked and terribly sad to hear that my friend had passed away. He was always so kind to me. He was a loyal client but more importantly a friend. He knew how to listen and he always made me feel better after talking with him. He was a great supporter of the school system. He was a great supporter of mine as a member of the board of education. I appreciated it and the talks we had. He did so much for Coweta County and was a true Christian man. He led by example. My son called us one night when he was 16 and had rolled his Jeep Cherokee on a dirt road somewhere. He could only give us a general area. I took off down Franklin Hwy late at night to look for him. I just happened to see a Sheriff's deputy car making a check at a local business and I pulled into the lot. It was Freddy. Thank God it was Freddy. I told him what I knew, I followed him and he led me right to the road and my son. My prayers are with all the family. Freddy will be missed by all who knew him. I know I will.
