“ Scott was a long attending and loyal member of our plastic modeling club; “ Jim Galloway South Metro Modelers. “ His ship models always impressed all the members, as did his other models when he would bring them in to show. But he was our resident ship modeler and expert! I am sure many reading this have seen his “ museum “ of his builds in his home. We all will miss his fellowship in the small universe of our quiet and creative hobby. But in this universe he was definitely a star! Ken Niles
