“ Where to start... Jerry has been a part of our family for so long it seems she has always been there. From Hawaii, California, Tampa, to Bahamas, we sure have shared a lot. From the very beginning Jerry showed her sense of humor, her ability to laugh not only out loud but even at herself was priceless. The times I teased her, she always took it with a smile and smart crack back. I loved her to pieces but she was such an easy mark and she knew it. I never teased in an ugly way but it was the way we were. She knew it was coming and I knew I had to do it. I lovingly referred to her and mom as Ding and Dong while we were out on an adventure. They were always in their own little world, usually shopping. They loved to shop! And if Jerry found an item that she liked she bought one in every color. A trait she quickly passed on to mom. Those two, and Billy could have fun anywhere as long as they were together. Dance, could they?from line dancing till the wee hours to country classic Mom had no problem sharing Billy, as “their husband” on the dance floor and Billy always kept them boot scootin along. I think of the art classes she took with mom to the countless hours they spent just painting together. It’s so hard to sum up Jerry, what she has meant to me, what she has meant to our family. All I know is I loved and respected her, I appreciated the time we shared, I appreciated her service to our country, and I loved her dearly

“ I met Jerry in Line Dance class at the Coweta County Recreation Dept. and we instantly formed a friendship that lasted many years til we both moved away. She was funny, talented and cared deeply for others. A truly great individual with a big heart and a winning smile.
