“*Heather was our neighbor and friend. I met Heather when she had Snowball, her dog. Snowball traveled with Heather over the road. Heather always smiled. She was a pleasure to know. While driving, over the road, she brought me rocks from every state. Yes, I collect rocks. All rocks are marked from the state she picked them up in. They are a treasured keepsake. They will be placed in a Memorial Garden for Heather. Her life was way too short. There are no words when a young life is lost. So hard for her loving parents. Hopefully, tears turn to smiles and great memories, in time. Heather, you are missed.*❤️

“ Heather was my daughter's best friend. These two were as close as two Sisters could get. She has been a part of our family for many years. Her kindness, loyalty, and Love will be missed by many. She loved my Grandsons like they were her own. She was truly a blessing to us. Prayers for all who feel this enormous loss.

“ I can remember when that beautiful baby girl was born. Our family is so close, thanks to the Wallace's and Schaedel's. I have wonderful memories of babysitting Wendy and Heathar. My heartfelt love and sympathy to Debbie, Jim and Wendy. I will truly miss our talks and messages with Heathar. Rest in peace you amazing woman. My love will always be with you. Debbie Karlsen

“ What can I say? A memory? All of them.
Playing “spaceship” in your pool—we were pretty awesome explorers, using the rafts as air gliders and the liner as our computers.
Driving to Addison and back at least once a week.
We'd get to Big Chief Go Kart track and turn around—why didn't we ever go kart?!?! :)
Our shared tattoo—we love our girl.
My life will never be the same and was so much better for having you in it. I love you so very much. See ya when I get there.

“*Heathar was the most kind, silly, loyal and overall genuine person that I had ever met. I will never forget teaching her to fish and the smile on her face the first time she actually caught a real fish versus the pine fish that she normally caught. She had me take about 50 pictures until we had just the perfect one for her to share with friends and family. I'm praying for you guys to find comfort and peace. I love you all so much and I'll never ever be the same without her here to post all of my mishaps on social media. Love you, Buddy -- see you later 💔*
