“ Here it is 2023 and for some reason, I was thinking of Jackie today and sadly, found her obituary. I haven't seen her since the late 1970s and talked to her only 1-2 times after that. Still, she was a person etched into my heart...someone I never forgot and never will. I started nursing school with her at Clayton and would have dropped out the first day had it not been for her support (I later left to attend school in Augusta). My husband died during that time at age 34 and I could never explain the support she gave me. She stayed at my side those horrible days at Crawford Long Hospital in Atlanta. She was just an amazing person in so many respects. She truly knew how to love and care for others.

“ I wanted to cmsopoe you one little observation to finally say thanks the moment again with your spectacular techniques you have featured in this case. It was really seriously generous with you to deliver unhampered precisely what a number of us could possibly have advertised for an e-book to help with making some cash for themselves, principally now that you might well have done it if you desired. The secrets as well served like a fantastic way to be aware that most people have a similar dream just like mine to find out somewhat more in respect of this matter. I'm sure there are lots of more pleasant situations in the future for individuals who go through your website.

“ I would like to offer my condolences to the Cherry family and also share a comforting promise from God's word at Revelation 21:3-4 which says:With that I heard a loud voice from the throne say:Look the tent of God is with mankind, and he will reside with them, and they will be his peoples. And God himself will be with them. And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away.

“ Tim and Amanda, so sorry to hear of Jackie's passing. After reading about her life, it brought about many memories of our childhood. Your Mom made the best grilled cheese sandwiches I ever had. Growing up Moreland surely provided us the stability of being able to achieve all of our dreams.

“ I worked with Jackie and considered her a friend as well. It was fun just being around her and I can still hear her contagious laugh. Our trip to Germany was a topic of conversation every time we got together. She loved to shop and was the only one in our group that didn't have luggage with wheels. My condolences to her loved ones. She left many good memories. Sandra

“ I worked with Jackie at Newnan Hospital in the late 1980's and early 1990's. She was fun to work with and she taught me a lot. I am so sorry to know that she is gone. My thoughts are with all of you.
