“ It greatly saddens me to realize that I never adequately Thanked Dr Eaton for literally Saving My Life. He diagnosed and treated my early age prostate issues. Many doctors had misdiagnosed it for years. He didn't just treat me, he educated me. Additionally, when my wife and I were trying to conceive, it was Dr Eaton that performed a surgical procedure that enabled us to. This was after we had even gone through the extreme of going to the doctors in Atlanta that had actually developed InVetro Fertilization. It was Dr Eaton's procedure of shortening the Vas deferens that actually enabled us to conceive a wonderful son. He literally enabled the life of our son, who is now approaching 34. WE THANK GOD AND PRAISE WITH HEAVEN FOR DR EATON.

“ Mrs. Eaton and family, My thoughts and prayers are with you. Many years have passed since I last saw Dr. Eaton. My brother was Avery Bentley. Jim III was a pallbearer at my brother's funeral in 1984. They were very close. In fact, Jim III was with me when Avery passed away. Another Good Man has been called to Heaven. I, like many others, are so thankful our paths crossed.

“ *My heart breaks at the loss of " Dr. Jim". He was my mother and father's best friend and like a second father to me. I had the opportunity to see him more frequently these past few years and cherish his quiet humor and friendship to me as an adult. Miss Anita and Wimberly, I share his passing with great sadness. My thoughts and prayers are with you and the rest of your family. We have lost a genuine Southern Gentleman and overall amazing man. Thank you Dr. Jim for being in my life. I miss you terribly.
