“ Maya Angelou once said that "people will forget what you said, and people will forget what you did, but people will never forget how you made them feel." When in Jay's presence, he made you feel welcomed, and like a brother he had known for a lifetime. I can honestly say, that his fraternity brothers will never forget him because of the way he made us feel. Keep smiling Jay.

“ It was Dec. 2014 and I had just been laid off by IHG. There was an opening in the area where Jay worked and he coached me on what the job involved and how it related to what I was currently doing. He encouraged me and wanted me to be successful in the interview. That's the kind of guy he was! I am grateful to have had him as a colleague and a friend. Shirley Orndorff

“ *Brother President, Thank You for the encouragement and support you gave to me and my neophyte Fall 2015 GTTA line. Your presence and energy will never be forgotten. Thank You for showing me what it means to be an "Ace" and for teaching me the "Ace Grip". I will carry that with me for the rest of my life, and will share that with the future #1's of Pi Gamma Lambda so that bond will continue to live on in your honor. Brother President you were the epitome of true brotherhood and the true essence of what it means to be an Alpha Man! RIP.....*

“ *Nikki, Justin and Josh, my heart is aching. Jay called me "MA" because he said I was old enough to be his mother! I would have been proud. He and I were a team. And I learned so much from his professionalism and quiet nature. He was an outstanding young man -- son, husband, father, and friend. What a legacy he leaves to all who know and love him. Even our wagers (ice cream) on GA/LSU football brings a smile, although he won most of the time. A wonderful young man and role model. I loved him. May God's peace be with you always.*

“ *In training, its all about the connection between the instructor and the student. Jay taught Leadership Development for Delta Air Lines TechOps Division and he had that connection. Jay was one of the top instructors in our department and everyone that came through his classes raised their level of professionalism as a result. I am very sad that this special being left our world at such a young age...he was exceptionally gifted and a really nice person.*

He called me "Ma" sometimes. He said those are my initials, he also said I was old enough to be his mother. I would have been a very proud mother. Jay and I became good friends in the Leadership Development Department at Delta. We were a team, and I learned so much from his professionalism. What a fine son, husband, father and friend. Smiles and laughter. That's Jay. We always had a wager (ice cream) on the Georgia /LSU game. I lost most of the time. He was a gracious winner. ...most of the time. He will always be a winner to me. Loved that young man!

He was so proud that my son achieved his Eagle Scout ranking; and expressed excitement about helping his son in scouting & knowing he too will receive the same rank. He blessed my son with an Eagle Scout scholarship! I want to thank Mr. Peychaud for taking his personal time to work with other youngmen in the community & giving them tools to be great leaders. I want to thank his wife & sons for sharing Mr. Peychaud with the community. Please know his spirit has been sprinkle throughout the world, so his bright light will continue to shine! “ *Jay, I loved you since the day you were born and I will continue to love you forever. Most people thought we were siblings and not first cousins because we were just that close. Our bond was unbreakable. As much as we gave each other a hard time, we would protect each other to the end. I can't think of a childhood memory that does not include you. I am so proud of the man you became. You were a wonderful son to Aunt Iris, a wonderful husband to Nacole, a great father to Justin and Josh, a loving and supportive brother to Brian, a stand in the gap uncle for Mason, a great Alpha man, a good friend to all, an unforgettable co-worker to many, and a great brother to this only child. Heaven took you away too soon....they must have needed a man of distinction and service. Nacole, Aunt Iris, Justin and Josh, I will keep you in my prayers and thoughts. I am here for you. “ So very sad we could not be there to honor this young man who we both have such admiration for. As one of the older neighbors of Jay and Nikki, it has been a pleasure watching there family with all of the love and fun memories they have made. I never saw Jay without a smile and a kind word to share. The beautiful family he and Nikki have made together is one to love and cherish. We will so sadly miss that wave as we ride by their house. But, I know where he is....and Heaven has a wonderful blessing.
