“ *Jane and I have been hospice volunteers for the past 12+ years. She was a bright spot at work. We would cut up in meetings and she lived to tease her best friend Lynn. Jane's sass and quick wit taught me how to be a strong woman during difficult times. She was my back up when I needed one and she cared so much for every patient and family she came in contact with. I will never forget you Jane and even though I'm hurting I can't help but smile when I think of you...*

“ *Jane was the highlight of my week. The days she was in the office at Gentiva were my favorite. She was a very special lady. I am so sorry that I am not physically able to personally pay my respects. I will pray for her family and many friends. I love you Jane!*

“ Jane and I worked together for many years at FAA. We really had fun laughing and getting the job done. She could be counted on to support her friends in the time of need. I know, she was there for me during a trying time in my life and I will never forget her kindness, but that was Jane. It was because of her that I also volunteered at our local hospice facility arranging flowers for patients. My deepest sympathy to the family in the loss of such a great human being. She will be missed by all who knew her. Rest in peace good friend.

“ I knew Jane for many years. We grew closer over the years. We would meet and go to eat. Jane was always the same loveable person all the time. She will be missed by so many that loved her. My heart is heavy, because the world has lost a wonderful and special person, and I have lost a beautiful person and friendship. Rest in peace, my dear friend. You won't be forgotten.

“ At a loss for words. I loved her. My friend for over 63 years. We went to Church together. We double dated with each other. She was always there when she knew I needed her. A great big heart and always a smile. We took several vacations together and never, never disagreed in those 63 years. I grew up at her house. Her Mom and Dad were special to me along with her sisters. She has been a part of my life for so long I can't imagine Jane not being here. I always kidded her that my husband loved her more than me. He adored Jane. Every Christmas he would make a huge bag of roasted pecans, just for Jane. So many wonderful memories and pictures. The countless times we spent together will always be so special to me. Jane was with me when I wrecked my new car. She told me I had better stay with her cause Tommy was going to kill me when I got home. So much laughter. Now, so many tears. Nothing seems right now but I do know how much she loved the Lord and I know where she is. This brings me peace. I love you. Thank you for being my buddy. You made my life complete. Lard

“ I have known Miss Jane since she started as a volunteer at our office and she quickly became like a member of our team. She had such a great sense of humor and was always quick to get at us when she was at the office. She was always smiling and ready to hear how your day was going. I loved calling into the office and her answering the phone. She made our lives much brighter with her smiles and laughter. I will be forever grateful that she became part of our family.

God Bless all of your family and know she will be missed greatly.

“ I always loved coming into the office and seeing Miss Jane busy as a bee giving so much of her time to our Hospice office. She was with us for 12 years and I am honored I got to spend my 10 here with her. I will never forget her warm smile and priceless personality.

You are greatly missed Miss Jane. Much love and prayers for your family and friends!

“ *I have had the pleasure of working with Ms. Jane both at VistaCare and Gentiva Hospice for many, many years, as she was a very dedicated Volunteer of ours. She had one heck of a sense of humor and a very infectious smile that you never seen her without. She holds a very special place in my heart that I will continue to keep near and dear to me.*

Uplifting you all in prayer, and may you each find comfort in memories, and may the comfort of God help you all through this difficult time.

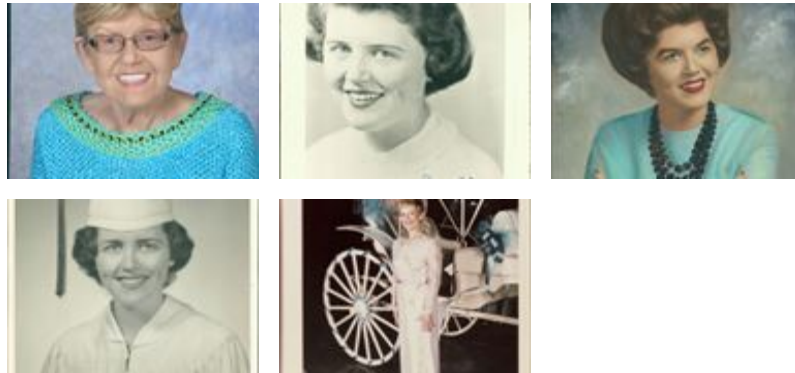

God Bless!

“ *The first time I saw Jane, I ask my husband who she looked like? He didn't realize it but she looked very much like my Mother. Because of that I will always have a special place in my heart for Jane. I told her often how much she looked my Mother; and, I must say they both had spunk! I will miss Jane.*
