“ *It is with great sadness I find myself here wishing you condolences that I myself was receiving not long ago. BY FAR one of the hardest things to be on either side of. You may never get the answer to question I ask the most "why" but you can get comfort, grace & peace that will help see you through. Most days I feel as though I am still sleep walking through, pushing forward as I must for my son, doubting the full realization of my loss has actually made itself known since I have been so busy since, before, during and after the passing of my beloved husband. My heart goes out to you as I consider even the possibility of the loss of my son and can't even imagine how much worse that would be. While distance has kept us apart, our love for you & the boys has never been changed. May you be surrounded by love for some time. We love & miss you,

“ Dear Susan, Barry, Bobby and Roger, my heart goes out to all of you. I love Blake and Bobby like they were my own. Our children had so much fun together when they were young. Blake was a true warrior. He waged a battle that lasted 25 years. He will always be in our heart, as you all will be. I love you all, my dear friends. Love Ruby.

“ Susan and Barry, I am so sorry to hear of your loss. I have tried so many times to find Blake you just so I could talk to him and see how he was doing. When I use to take him to Naples for his treatment we said we would always be good friends and then we lost contact. You are all in my thoughts.
