“ John I will always miss the times that you and Alexis would gang up on me to see who was gonna be a smart butt to me first. She was always like her daddy you use to tell me that it was a gift that you and her had. Plus you always had something funny to say. You were a natural. And no one can cook a steak or a big pot of chili like you. I will miss you but I am so glad that you are no longer hurting. Like I have always told you ,, , You were the best daddy for our little girl. And I will always play your song cause I know how much you loved it. I was just telling Alexis this morning about how I miss him already picking on me.....I love you. Even with our ups and downs we always had that special bond that you always said that we would share. Always watch over our little girl!!!!
