“ John and I traveled many times together. In that time we became very close. John had always looked for the best in people. Going to miss him.

“ I had the pleasure of working closely with John. For several years we traveled together. You really get to know someone when you spend hours in a car with them. I never heard John say a disparaging word about anyone. He truly cared about others and showed it in many ways. I will miss John and his optimism and empathy.

John, wish we could have met. I have become acquainted with our nephew Charlie and we have a great deal in common. I just found out about my 3 brothers. The history of our families health. We will meet in the after life. In the mean time, your children are my nieces and nephews and should they ever want to contact me, I am open for that. I wish your family peace and love and give my condolences to all. Your 1/2 sister, Regina Simpson from Sand Springs OK, now in retirement in Scottsdale, AZ
