“ To say I miss you would be an understatement. Life has been very challenging without you here. There are milestones I wish you would have been here to see; My graduation, My 18th birthday, and many more. I want to believe you would be proud of me, I just wish you were here to say it. Your work ethic is something I will always admire; and try to amount to. You were a savior in my life and so many more. I pray that you've found the happiness, and the paradise that you deserve. Thank you for being so selfless. I will always love and cherish the moments we had.

“ I had the honor and pleasure of knowing Judy through the Atlanta Airport Rotary Club. She was a wonderful person and I am blessed to have known her as a friend. Judy's daughter Julie helped babysit our two girls on several occasions when they were little and my thoughts and prayers are with Julie and all of Judy's family. God bless.

“ I worked with Judy at C&S bank, I remember her as being a lovely lady to work with and know. Like others with the bank (as we became Nations Bank and eventually Bank of America), we all went in different directions, and I saw her only during functions for the bank and lost touch with her over the years, but I know she was thought of by every life she touched as a special person. I offer prayers for her family and loved ones. Heaven has another angel.

“*Judy and I worked together at C&S (Citizens and Southern National Bank) many, many years before the bank became Bank of America. There are so many memories that I have of Judy. Judy told me a story once of a doctor visit with Julee that I still share to this very day. (It was hilarious) Judy was a wonderful person with a great sense of humor and was so proud of her "Julee", who was only a little girl (maybe 1 or 2) at that time. I can just picture her smile and remember her voice. God bless the family and welcome Judy to your side.*
