“ I love my grandma Karen so very much. She was nothing but sweet and loving to me always. I really enjoyed my time with her. She was great at making jewelry and i cherish those times i did so with her. Years ago, i was probably a preteen, we'd often go get Waffle House together. While i was a toddler she would take me to the playground. The last few years we were not able to go out and about but I'd visit her at her house and we'd watch home design shows or storage wars. Stuff like that. And we'd chat and she'd give me advice. Often I'd get food or milkshakes (her fav) for us. It was really nice and her home was a safe place, she was safe place for me. The last two years Laila joined the picture. I'm grateful that my grandma was able to love and meet her. I will never forget my grandma Karen. I love her always. I wish i could paint as well as she did.

“ My heart is with all of you. No loss is more difficult than losing your mother. I loved that she would bring you all to our house, and visit with my mom over several pots of coffee! She was so very kind. God Bless. Kenda
