“ I remember “Aunt Kat” as a kind and loving friend to everyone. I have fond memories of my times as a child when we gathered at Grand Daddy’s house in Franklin with the aunts and uncles and cousins. It was the most fun playing with everyone. When I grew older I remember Aunt Kat being interested in the makings of the Murray and Burgess family tree. I am very grateful to her for her endless research and compilation of the family relationships, births and deaths from my great, great grandparents through the births of my children. The information she included about “Clyd and Pearl” my grandparents is priceless. I love you Kat. Thank you for the gift you have given to my family.
