“ *Memories of our
Kelle Lorraine Scott Heath
Born: June 15, 1962. Died: June 13, 2019
At birth Lori weighed 7 pound 3.5 ounces, from the start she was a fighter. We took her home from the hospital when she reached 5 pounds she had to have a bottle every three to four hours 24/7, sometimes her big brother Tommy gave her the bottles (they later fussed like cats and dogs, but Lori loved her big brother very much) . Loris older sister Darlene and younger sister Tammy could not believe what she got away with (but not always). Lori loved softball and her first car the “blue bullet”. Lori was also very good in school. Lori worked at Fort Gillem for awhile then an opportunity came for her to apply for a government job, she got an interview and the interviewer said she was NOt qualified for the job because she had only operated a fork lift for Fort Gillem. And Lori intern informed the interviewer that even though she only drove a forklift for Fort Gillem she was more than capable of doing other things. Lori got the Job and after 31 years with the same government job she retired June 2018. For those of you who knew Lori you all knew how she loved her dog peanut her dad and I now have him. She also loved her friends and family very much Thanks at all of you for the food, thoughts, calls, cards, visits and prayers. This Horrible tragedy has affected everyone who knew Her...
Love to everyone and may God Bless us all

“ I relocated from Chicago to Atlanta in January 1999. My cubicle was one cubicle from Lori's. I was assigned to the same team with Lori and others. Lori and I worked together from January 1999 until December 31, 2013. Lori always had a smile on her face. We performed many Fiscal Head Start reviews together. We talked about many things and had great laughs together. . When I told her I was retiring in December 2013, she said I should work a little longer. After retirement, me and my husband moved to Olive Branch, Mississippi (closer to family).

To the family:
