“ I would like to offer my sympathy to you and your family members on the untimely passing of Ken. Its difficult to understand why such things happen to great people. I first met Ken during his initial interview for an engineering position in the Paris plant, I was impressed and when on to establish a good working relationship over the years. He was very professional in the work place and genuinely cared about people. I remember passing up an opportunity to fly with him one weekend, as I look back I wish I had, he loved life. Please accept what little comfort these works can give you. If we can help you in any way, please call. Sincerely, Jack & Paulette Bickler

“ To the Starnes Family, I was deeply saddened to hear of Ken's passing. I was fortunate enough to work with him in both Paris and Forest Park. He was such a kind man and I always enjoyed our chats when I was visiting one of the facilities. My thoughts and prayers are with you all. Staci Hayden

“ Betty, My wife and I send our deepest sympathies to you and your family. As we worked together in Paris, I enjoyed the many "non-business" conversations about his hobby and he was never shy about introducing a story about his family. Know that he was extremely well liked and very much respected. We will raise your family up in prayer here in Fort Worth.

“ Betty and family: Needless to say I was shocked to hear this news. Please know that you and your family are in my prayers along with my family as well. I truly enjoyed working with Ken during our time in Paris. He was an excellent man that I can truly say helped to shape me as in both work and home life. My family and I are praying for you and yours as well.

“ I was privileged to know Kenny many years ago. Although I have not spoke with him for a long time, our friendship was for a lifetime. I loved his humble, teachable and gentle nature. A man of character for sure. I loved him as my friend.

“ Sincere condolence to your family, I had the honor to work with Ken at Otis Spunkmeyer. Every time we would pass each other in the plant he always had a smile on his face and was the most polite man. Now he is resting in haven looking down with a smile on his face.
