“ I worked with Kimball at the Atlanta Housing Authority on writing beautiful reports and documents. When he told me his hobby was correcting Wikipedia, I knew I had my editor! Every time I share that story, it makes me smile. My condolences to his family.

“ To Karon and all of Kimball’s family,
My heart is heavy with sadness tonight as I have just learned that I have lost my longtime friend and professional colleague, Kimball. A wonderful man, a loyal friend, a person with great passion and the capacity to give of himself to help others and to make a positive impact on the world. Our DOC Food and Farm Family has lost one of our most beloved members. The times we worked diligently together and the memories we shared will always represent a very special part of my life and career. Kimball loved life, and his family and his many friends, and we loved him right back. He was so very proud of “his boys” and you and your family, Karen. Please accept my sincerest condolences along with my husband, Steve’s. You are in our prayers.

“ Kim loved family and enjoyed our family cousin’s day get togethers. We remember the family recipe bread pudding he brought to our reunions. Years ago he set up the site Geni.com for us and we added a lot of information that first day. Later we all kept adding to it. Kim had the best laugh and I loved the way he could tell a story. He was a big presence in a room! We will miss him!!

“ Hi - my name is Dawn Nossal and I rode the Atlanta commuter bus with Kimball for many years. He always had a big hello and a smile for his fellow commuters. We all had many a discussion to pass the time as we rode the bus to Atlanta and back home to the Newnan bus stop.

Please accept my condolences. Dawn
