“ Man, whenever anybody would ask about Kira. It was to be around her, because of how talkative she was. She would talk to anybody, she made everything fun. Kira would never exclude anyone, not even me. That's what I will always like about her. Her personality, she was so caring and always cracking jokes. She touched so many people in the time she had. So affable, and never doleful as it appeared. Kira, my friend, and I always had a marvelous time. We never got bored, we never argued, and in that time. Everything seemed at peace and greatness. Now that I look back, we all did a lot together. Kira will never be forgotten, she will be remembered. Not a day will I not hear her name and I will be glad. We love you Kira and will miss you very much. 💖

“ *so sorry for your loss, we are holding you all close to our hearts and keeping you in our thoughts and prayers. To lose a child is nothing a parent should NEVER have to do. I understand your pain, I too have been there. I know there is nothing no one can say or do to take away this pain, but know a lot of people are thinking about you and have your family close in their thoughts and prayers!*
