“ *I am devastatingly grieved to hear of the passing of Mr. Gene Evans. He embodied the spirit of Christ's love. His kindness and gentle spirit was evident to all who knew him. His strength was in his soft spoken heart and his humility touched so many countless lives. He treated everyone he encountered with respect. He loved his wife Mrs. Linda Evans so dearly and treated her with such tenderness and affection. Their marriage was such a blessing to me personally. Mr. Gene Evans gave me hope that there are great men that exist in this world. He loved his family so much; I cannot imagine the insurmountable pain they must be feeling at this moment. The only comforting thought that I can share during this time of loss is that I know where Mr. Gene Evans is today, and it is a place that is more beautiful than any of us can imagine. I am grateful to have had the privilege of calling Mr. Gene Evans my friend. My prayers and deepest condolences are with his family and loved ones today.*

Please let us know if we can do anything for you.

“ I'd bought cars from Gene since the 1970's in between jobs in the late 80's Gene hired me and I saw why he was so successful. He treated his employees like he treated his customers and hired dedicated professionals. I really learned to like and respect the man during the five months I was there. Down to earth, honest man. “ Gene Evans Ford was the first place my mother (Gail) worked when we moved to Georgia in 1986. When she introduced me to her boss, Mr. Gene Evans himself, at 3 years old I thought he was the tallest man in the world. I may not remember the introduction verbatim anymore- it's been awhile. But, I do remember that! I remember he was always so kind to my mother, me and later on my sister. I remember Christmas parties held in the dealership. Later, as I was growing up, I said something along the lines of "you're not as tall as I remember", and he told me I was cheating-because I was wearing heels. My deepest condolences go out to his family, who were also so wonderful to us. I'm so thankful for having known him and for the impact he made on my family's life!

“ *My girlfriend lesley's mother was friends with Linda so I got to fishing in his pond when she would do odd jobs for Linda . I'm in the field by the lake and this huge tractor with a cab and a/c was cutting a 12' wide swipe at a time. I thought darn Mr gene went all out on that one. I look across the drive way and there's a tiny tractor no cab ,it's hot and he was cutting about 5' at a time. I said that to say this, that man was Gene Evans on that small tractor. I said darn Mr. Gene you need to be in the a/c, He asked if I was catching any and said yes sir and he said keep all you want I got to get busy I got a lot of grass to cut. That was Gene just a kind natured humble, Godly man. RIP Mr Gene and my condolences to Linda and the rest of the family. Big loss for us all.*

Gene Evans will leave many of us missing his unique way of saying hello and doing good things that someone that cared enough should step up and do. Gene was that person. Always there to offer support and encouragement in his mild mannered way. To know Gene was a gift. God bless him and Linda, the rest of the family, and all that will miss him. Gene will be missed by many, and we all are better people by seeing his example of how to live.
