“ Larry was my uncle and a great guy all around, i have so many memories of him that its impossible to put it all here but as a child i spent plenty of time with the family as Tim and Myself were close, we were helping Uncle Larry cut firewood one weekend and as he was cutting the tree, He stopped and said "Tim, go move the truck" and so Tim moved the truck about two lengths, Uncle Larry continued sawing the tree and as it fell, it landed right across the tailgate and bent both henges, it was pretty funny. all he said as best as i can remember is, "should have just left it alone", Uncle Larry will always have a special place in my heart, thats for sure and im happy for him, he is with those who went before him and who have been waiting on him, even though we may miss him, just know that we can be with him and the others again, the attached photo is older but its how i will always remember him, look at that smile
