“ Dear family, I was so sorry to hear of Ann's passing. I went to Piedmont Nursing School with her. She was always a lot of fun and always had a smile on her face. She was a beautiful person inside and out. We had some great times through all the hardships and trials of learning how to be a nurse. She was a great nurse and a great person to be around. She will be truly missed. Prayers and thoughts are with you during this difficult time. God is with you and He will hold you up!

“ Ann was one of my favorite people in the world and I'm so sorry she is gone. She was disarmingly kind and generous and welcomed me and my family as a friends almost instantly. Our friendship spanned many years and quite a few counties and states and I've made many other friends through her. She has left her mark on my life and countless others professionally, personally and in combination and has been my constant reminder of what it really means to be in healthcare and how not to take it or life too seriously. She will be missed, but her absence will be tempered with the memories.
