“ Everyone that knew your precious mother loved her. Even though I knew her most of my life, every year became most special. When I was at FBC Preschool, we became very close for she loved the preschool and always supported us. She was deeply missed once she retired and left our church. May God continue to give you comfort and peace during these difficult days. May her memories live on in our hearts.

“ I worked with Mrs. Lois at First Baptist for a few years. Her ability to remember names and family connections was amazing! She was the backbone of the church office. If she didn't know the answer, she always knew who to call to get it. They do not make secretaries like her anymore! I learned so much from her and am thankful for the blessing of knowing her. My thoughts and prayers are with her family. She loved all of you very much and was so proud of you. May God bless you today and in the days ahead.
