“ Dear Noble and family: You taught my Jacob in second grade and made such a profound impact on his early years which I am sure you learned from your wonderful mom. Although I never got to meet her I am sure she was a great mother to all of you. She was exactly the same age as my mom would be if she had lived a full life. We want extend our deepest sympathy to you and your entire family. Please know that Jacob and I are praying for all of you.
