“ I always remember, when he would call to the house. Asking for my dad( Andrew Poythress). He would always say the same thing. Is Andi home, this is Boot Lee. As a kid I always knew his voice, so I knew who it was before he asked for him. Because no one sounded like him, and when him and my dad would get together . You could bet to get a good laugh in from the story they would tell. All the good have passed on, there will never be another Boot Lee.
