“ *Sad to hear about Mark. Grew up with him in East Newnan when my dad started his church over here above his grandads house. He was a very respectful guy, good friend! His son and my son were good friends also. Praying for his family! Melba Calhoun Bowie*

“ *Lifelong friend that will be missed greatly. Many great memories growing up with Mark. Riding our bicycles in East Newnan and just hanging out at Jay's store. Loved him like a brother. But I look forward to seeing him again someday.*

“ Mark was my dear friend from the time we were young boys. We always stayed in touch with each other through all the years, We would talk sometime for hours about the good old days. If he knew I was sick, he always called to check on me and encourage me and I did the same for him.

The book of Amos from the Old Testament ask a question, Can two walk together except they be agreed, my answer is NO. Mark and myself with out saying ,agreed to walk together as friends and we did so until his passing. He called me to say goodbye and we both did cry as he said, this will be the last time we ever talk.

The sand in the Hour Glass of this generation of Mark and myself is very low now. If you have a friend that you have not visited with or talked with in a while, I urge you to call them today and tell them you appreciate them, DON'T put it off.

Mark was a real stand up, responsible and caring man ,he was a good and moral man. He served his community in the seventies being a volunteer fireman giving his time and financial resources. He put his well being into dangerous situations many times for his fellow man. He was appointed by the community around 1975 to Assistant Chief of Station Six which is now called Station One. There is a brass memorial on display in Fire station number One on Turkey Creek Rd with Marks name on it. I urge his family and friends to go there and see it. The Firemen there will pleased to have you view it.

To the faithful wife of Mark, I would like to say this. In the book of Ruth from the old Testament there is a scripture in my opinion that is fulfilled in the life they shared together.

"Entreat me not to leave you, or to turn back from following after you. For wherever you go I, will go; and wherever you lodge I will lodge; your people shall be my people, and your God, my God. Where you die , I will die and there I will be be buried. The Lord do so to me , and more also, if anything but death parts you and me."

To Marks Family, I am truly sorry for your loss. I will grieve also and as the years pass, I will not forget the friendship and kindness he showed to me
