“ Mary was such a good friend to my mother, daddy and me. She and Jim lived across the street from my parents, and they took such good care of them as mother and daddy aged. She and Jim even broke down mother's door one night when mother broke her hip to get to her...smile..., took her to many doctor appointments when I couldn't, did everything that a daughter would do to help my parents, and we lovingly called each other sister. After I moved Mother in with me, Mary then began calling her every day at 4 o'clock and did that until the day Mother died. You couldn't wish for a better friend to my mother (and me) and then after mother died, we continued to keep in touch not every day at 4, but often. Mary loved her family so much. I wish I could tell you all the wonderful compliments that she gave each one of her family members as our phone calls were filled with her and my family news. I am going to miss those phone calls but am so glad that she is whole and healed. I send love and sympathy to all her family.

“ *Mary and I shared many great times together. I loved her like a sister and miss her terribly. But I'm thankful she is resting in the arms of Jesus now and I am thankful I will see her again when I enter those pearly gates. Prayers for her family and friends who miss her as I do.*
