“ *What I beautiful and happy soul! She was so positive, always had a smile on her face and loved telling me stories about her past. The one I remember most was when she and her husband were newly married, and they had a tiny little stove. She told me she would bake a big cookie for him and have it ready when he came home from work. She remembers the cookie taking up all the space in the oven. She said she never would have changed anything and loves her old memories . I had the honor of taking care of her at her final home at the assisted living facility. She was so kind, so sweet, so positive and always loved telling stories. She will be missed!*
