“ I was saddened when I learned Megan had passed away. She always tried to give so much to people and that's how I remember her. It's hard in times like this but when I think of the 31+ years she got to influence people, it helps just a little bit. All the best to those who were closest to her and knew her best.

“ Megan was my teacher at Arbor Springs . And everytime I would see her I would whisper to her she is really pretty. She always helped me when I got stuck on a problem in class and she would say this:"Your handwriting is really good . I miss her and pray that God will take care of her. I can just remember Megan by this "Your handwriting is really good". And I am glad that I met her bless all of you.

“ I worked with Megan in the same classroom but also hung out with her outside of work. She attended my baby shower and bought my son a puzzle of the world to match his nursery. The finished puzzle is now hanging on the wall. Now every time I look at it, it will remind me of Megan and her bubbly, wonderful personality. My deepest condolences to her family. I know I will miss her ❤️
