“ From the first 5 minutes after meeting Mike I knew that he was a great guy. We looked forward to the times that he and Rosemary came to visit and stayed with us on several occasions. He fit right in with the family and everyone enjoyed being around. I am saddened that we only got this short time to be with him but he became a part of the family from the get go, but am greatly pleased that we had this opportunity. He will be truly missed by all! RIP my friend.

“ I was so shocked and saddened to hear of Mike's passing and I find it difficult to express how much I will miss him.
Mike was a beautiful, kind, caring, wonderful friend and I will hold fond memories of him safe in my heart forever.
My deepest sympathy is with all loved ones that he leaves behind.

“ Mike quickly became part of our family in Michigan. We enjoyed his company at family functions and our trips to the cottage on Secord Lake in Gladwin, MI. We had fun times that we will cherish. He was a part of our lives and he will be missed. Love Carolynn and Chris

“ Did not get to know Mike until he returned to the US to take care of his Mother. His good friend George Dyar introduced us when we were riding wave runners at Lake Martin for the last four years. Also sat near him at Auburn football games. Really liked Mike a lot and wish I would have met him earlier. The picture of him as a young man shows the fine character he kept until his passing. I am sure he was astonished and shocked as the rest of us when he was diagnosed with lung cancer. He lived a great and productive life and very glad I got to know him in the last 4 years of his life. His legacy lives on with his memory and his children, grandchildren with more to come in the future. The cycle of life and a life well lived. We all will miss you Mike
