“ I worked with Mike for many years and we were all hopeful to see him back at work, soon. He was such an authority on Molding and technical issues, a good guy to go to when things got tough and a great guy to talk Ford trucks and all types of campers. He knew so much about so many things. My prayers to his family during this time and please know that you're in our hearts. Mike was an important member of the Clorox family and he and your family will be in our prayers. God bless and keep you during this difficult time.

“ Hugs of strength and peace to the family. What an incredible person to know and work with. Remembering your lifelong love for family and friends and selfless service to our country. The good in you was a contagious good, Mike, that touched so many more than I'm sure you ever realized. We are thankful for this joy in our hearts for our time together while at Clorox. What a wonderful gift you've given us all, these memories and your never ending, unconditional care for others, through it all. I will miss the military discussions we had and your stories of the time you spent camping.
God Bless and Be Thou at Peace.
