“ When I was attending Fuller Seminary, Mike became one of my closest friends. We spent hours together talking shop and life. He came to my house for dinner on more than one occasion and I remember the big bear hug he gave me before leaving for Florida in 1997. I love you Mike and did not know until today you had past. I miss you man and I hope there is scuba diving in heaven. Your old friend Randy O..

“ My condolences to Mike's family. He was a kind and compassionate man. I had the pleasure of working with him at Social Security Disability in Clarksburg WV. We worked side by side and we shared many stories of our childhood, our families, and our insight on some of the more interesting cases. He joked that he would be retirement age before he paid off his college loans. We kept in touch when he left for Georgia and I truly admired Mike-a man of character, conviction, and a good sense of humor.

“ Michael worked as a Medical Consultant at our office. I was his Supervisor during that time. I came to know Michel through work. I would like for you to know how well he was liked by his co-workers. He was always telling jokes and making sure that he brightened everyone's day. I missed him when he left to go back to Georgia. He did keep in touch with some people from our office. Who then let everyone know what was going on with him. I can only imagine the loss you are feeling. God and time will help that. I just want to let you know how sorry I am that he is no longer brightening this world. Our loss is God's gain. May God comfort you in your hour of need.

“ To the Carter family: so very sorry for your great loss. The world is a much lesser place without Mike in it. He was such a gentle soul, but with passion for beauty. And he not only sought after beauty, but inspired the blossoming of it in others. He invested so much of himself in the people around him. I wish there were words that could assuage the pain from Mike's sudden and very premature passing. The only thing I can think of (and what I find comforting during this time of bitter comforts) is that Mike truly is now at peace, that he can touch the face of the One who created him and get the answers to the questions always present in his own heart. My thoughts and prayers are with all of you. May God comfort you and help you to find His peace.
