“ It is difficult to believe that Milton's work on earth is done; I feel like he was taken way too soon and had much more to give. I have only known him for about a year while working at WGHealth, but he was one of those people who you loved to see coming and you could be assured he would leave you laughing. Thank you Milton - I am a better person for having known you! I see you walking in the halls of the hospital and that gives me some comfort.

“Mindy and Family, We are both so heartbroken! Mickey was a fine man! We have only known him a short time, but we feel we've known him for a lifetime. It's hard to believe what has happened and how quickly. Mickey and Mindy are so special to us and some of the best friends we have ever had! Mickey was a very caring and loving man. There was nothing he would not do for you. He was truly one of a kind and we will miss him deeply!
